5 100	5,5 mm	100 mm
11 060	12 mm	60 mm
11 100	12 mm	100 mm
11 100S*	12 mm	100 mm
12 060	12 mm	60 mm
12 100	12 mm	100 mm
12 100H	12 mm	100 mm

\* shielded tip

**Safe:** Endoway trocars are made of polycarbonate and contain no conductive metallic parts.

**Transparent:** Endoway transparent cannulas enable visual control at every surgical step.

**Stable:** the light weight of Endoway cannulas and the integral screw improve perpendicular stability in the abdominal wall.

**Patient friendly:** the Endoway trocar has a conical tip and a lateral ridge to minimize tissue damage without compromising surgical performance.

**User friendly:** the conical shape of Endoway cannulas facilitates handling of instruments with one hand only

**Cost-effective:** Endoway trocars are the challenging, economical alternative to conventional trocars.

Packaging : box of 25 individually packaged units.
